

**HYBRID RICE  
SEMINAR, LUNCH AND FIELD  
TRIP**

**18 October 2022**

**Chez Jean-Yves MARTIN**

**2 impasse Lou Limbert**

**Tarascon**

**10h30 - 15h30**

This is a Members Only event providing us an opportunity to learn firsthand about a hybrid rice project taking place here on our doorstep which involves Chinese technology and French investors.

We will meet at 10h30 in the home office of the President of our association (la Table des Amis de Provence) for a briefing on the project.

Jean-Yves is a semi-retired “expert compatible” whose travels (often by hitch hiking) have taken him around the world and he has been thoroughly immersed in China for some 25 years.

That immersion with its many high level contacts led to a collaboration near Tarascon where hybrid rice from China has been planted using Chinese technology and equipment.

Following the briefing, we will adjourn for a no host lunch (venue to be determined) after which we will visit the rice fields to see the harvesting process.
